# Our story

## A history of success and a strong future

Founded in 2011 by Ciaran Goodman, Bronxx is a wholly Australian-owned and operated company with a collaborative spirit and unwavering vision: to build enduring outcomes that lay the foundations for a better quality of life and future.

### **Our journey**

We began our journey as builders for top-tier developers before maturing into a developer-builder to gain end-to-end control of every project's quality, vision and outcomes. Our site and project ownership, partnership approach, and processes combine to create a proven winning formula for all.

### **Our success**

Over the years, our successful placemaking of the highly accoladed Omnia, Acqua, Soul and Oasis developments has cemented our industry reputation for delivering sought-after and tightly-held destination addresses.

As well as receiving backing from major banks, we are the extremely proud recipients of multiple Excellence in Housing Awards, which recognise the benchmark quality of our detailed placemaking and craftsmanship.

### **Our growth**

We harness our placemaking, architectural design and construction expertise to diversify our portfolio and achieve our growth strategy. Over the coming years, we will continue to expand into multi-residential, retail, commercial, and mixed-use developments.

In partnership with a new hospitality brand, Bronxx is currently placemaking, designing and constructing two new lifestyle destinations that encompass luxury hotel accommodation, food and beverage, event, and wellness facilities.

# Placemaking

“The distinct Bronx feeling encapsulates confidence, pride, belonging, serenity, safety, contentment and beauty. Imagine coming home to this feeling every day.”

**Ciaran Goodman**  
Director of Bronx

## The Bronx Placemaking Approach

We select and evaluate premium sites based on proven Bronx criteria that uphold our vision to build a better quality of life and future.

Our multi-faceted and collaborative placemaking approach to planning, designing, and building translates how people want to live into beautiful reality.

With a profound understanding of every site’s natural setting in context with the surrounding community, we design aesthetically beautiful places for better living that pay meticulous attention to detail and provide an extraordinary sense of place.

As a result of our human-centric design-led approach, each development adds value to the streetscape, neighbourhood and the community that interacts with our spaces every day.

To drive the successful completion of each project, we develop distinctive branding, marketing and sales strategies that underpin the placemaking attributes and the quality of life every homeowner, tenant or customer will experience from the moment they turn the key or enter the space.

## Creating Enduring Partnerships

Over the years, Bronx has built trusted long-term partnerships with our country’s leading urban planners, architects, industrial designers, tradespeople, artisans, interior designers and landscape designers.

We specialise in uniting and guiding each project’s multi-disciplinary placemaking team, ensuring everyone works towards a shared vision. Our enduring and award-winning outcomes are a testament to the value we place on relationships and our supportive culture of inclusivity.

## Delivering the Distinctive Bronx Feeling

We live and breathe quality because we want our homeowners and the people in our spaces to experience and feel it too. From the quality of the build and high-end materials to the detail and finishes – our no-compromise approach ensures an enduring luxury style.

With deep consideration for the streetscape and individual journeys through the building, we invest significantly in the finer details of common areas such as the foyer, lobby and enviable lush landscaping.

It is our aim that from the moment a person enters a space we’ve created – whether they’re a homeowner or visitor – they experience a connection and distinct feeling that encapsulates confidence, pride, belonging, serenity, safety, contentment and beauty.

# Why work at Bronxx?

“We are a passionate, award-winning team dedicated to building people a beautiful quality of life. Our team included.”

**Ciaran Goodman**  
Director of Bronxx

## **Experience a genuinely healthy work-life balance**

Our growing team aligns with our vision and values, ensuring we maintain a vibrant and inclusive culture. We're sociable and family-oriented, and you'll love the casual dress code, impromptu BBQs, off-site activities. Our boutique offices in the Shire has a free employee only gym onsite where you can boost your endorphins or hit the mat.

## **Variety is the spice of life**

If you love work variety, Bronxx is the company for you. Our range of commercial and residential projects spans gorgeous beach, city and countryside locations to keep life interesting. As developers, builders and placemakers, we have unprecedented site and project ownership, giving you amazing experience and access to processes from beginning to end.

## **Job stability and career progression**

As we own and select all of our projects, we are in total control of our pipeline and not dependent on winning bids or tenders. This provides our team with the stability of ongoing and interesting employment instead of project based contracting work.

## **Work alongside a multi-award-winning team**

Join us, and you'll benefit from working alongside a small, experienced team who wants you to succeed and flourish. Thanks to their collective talent, we're the proud recipients of multiple Excellence in Housing Awards, which recognise the benchmark quality of our detailed placemaking and craftsmanship.

## **Ongoing training and development**

We're big on mentorship and continuing professional development to help you progress your career while ensuring we maintain our consistently high industry standards. We tailor our training around individuals, roles and strengths to help everyone maximise their potential.

## **Rewards & Celebrations**

With an employee appreciation program that includes KPI bonuses, birthday perks and trade discounts from Harvey Norman Commercial, Reece, Dulux, Sub Zero and Dulux, you'll enjoy being part of team that celebrates your wins and the teams success.

# Employee perks

## Just some of the reasons Bronxx is a great place to work

### Training & development

### Purchased annual leave

Need some extra time out? We offer the ability to purchase additional annual leave!

### Team rewards & celebrations

Celebrate our teams' successes at awards nights and enjoy team social activities, including delicious impromptu BBQs..

### Onsite free gym

Do away with expensive gym memberships and stay fit and healthy with our fully equipped free gym and hotel-quality end-of-trip facilities, including showers and lockers..

### Hybrid or remote work (Role dependent)

Some administrative roles at Bronxx allow for hybrid or offsite working.

### Birthday perks

**Happy birthday to you!** We celebrate birthdays quarterly with get-togethers, cake and birthday gifts for employees (don't worry, we won't embarrass you on the day).

### Employee Appreciation Program

Enjoy a role-specific range of incentives, such as bonuses when KPI targets are reached, annual reviews and more.

### Trade discounts on appliances

Take advantage of trade prices with Bronxx's partner suppliers. You'll enjoy fantastic savings across a range of quality brands and appliances.

# Our culture and values

With a vibrant culture that promotes a healthy work-life balance, we provide the safe environment for our people and partners to achieve, contribute, grow and flourish.

## Our Unique Culture

Bronxx exists to guide people along their unique journeys to build a beautiful and enduring quality of life.

From our team and collaborators to our clients and homeowners, we want everyone to grow and flourish. By creating safe, inclusive and collaborative environments across our workplace and sites, we ensure everyone's journeys are as enjoyable as they are purposeful.

Our growing team of experts understands and aligns with our vision and values, ensuring we maintain a vibrant and inclusive culture. We're proud to be part of everyone's journeys as much as they are a part of ours.

## Our Founding Values

### Relationships

There's a reason why our people remain loyal, and our homeowners refer friends. We build confidence and peace of mind because we're dependable and include everyone on the journey, sharing moments of belonging for deeper trust and intimacy.

### Accountability

We take responsibility with honesty and transparency. By taking charge of the quality of products and the experience of purchasing and living in our homes, we maintain our edge and reputation. Our integrity ensures we make the right choices that support everyone's desired outcomes.

### Aesthetics

Through contextual beauty and considered aesthetics at every touchpoint, we give people the opportunity to appreciate the world around them. The drive to create the unique Bronxx feeling motivates our people to pay meticulous attention to the details that instil feelings of contentment, positivity and serenity.

### Nurturing

We protect and support our people, partners, and clients and their legacies, careers and development. Our environment is a non-competitive one where we openly listen, include and encourage everyone to work together and achieve outcomes we can all be proud of.

### Safety

Physically and emotionally, we provide a safe environment for people to achieve, contribute, grow, flourish, be themselves and live their best lives. At the end of each day, we want everyone to return home safely and be present for their loved ones.

### Sustainability

We aim to create places which minimise our environmental impact and facilitate sustainable living, safety and well-being for all inhabitants - human, flora and fauna.

# Sustainability goals

“We aim to create places which minimise our environmental impact and facilitate sustainable living, safety and well-being for all inhabitants - human, flora and fauna.”

**Ciaran Goodman**  
Director of Bronxx

With a commitment to sustainability, Bronxx has developed its **Tread Lightly Program**, an initiative that provides a practical means to lessen our environmental impact through more considered choices. The program covers 6 pillars of sustainability including Water, Waste, Materials, Indoor Air Quality, Transport and Biodiversity. Our approach to every project includes deep consideration against each pillar in design and construction planning to create better outcomes for our planet.

Our Tread Lightly Program was developed in response to the United Nations Sustainable Development Goals (SDGs) - a blueprint for fighting poverty and hunger, confronting the climate crisis, achieving gender equality and much more, within the next ten years. At a time of great uncertainty, the SDGs show the way forward to a strong recovery from COVID-19 and a better future for all on a safe and healthy planet.

Our program references 5 of the 17 SDGs: Affordable and Clean Energy, Responsible Consumption and Production, Life below Water, Life on Land and Decent work & Economic Growth. Drawing from the UN's principles, goals and targets, the Bronxx Tread Lightly Program outlines practical actions to implement locally that help make a positive difference.

# Sustainability goals

## Tread Lightly Program pillars

**Water**  
*UN Sustainability Goal:*  
*14 Life below Water*

Bronxx aims to reduce water usage and prevent marine pollution from land based activities.

**Materials**  
*UN Sustainability Goal:*  
*12 Responsible Consumption & Production*

We select suppliers and materials with consideration and due diligence to identify better choices.

**Biodiversity**  
*UN Sustainability Goal:*  
*5 Life on Land*

We actively seek opportunities to integrate native biodiversity into the planning of each project to encourage flora and fauna introduction.

**Waste**  
*UN Sustainability Goal:*  
*12 Responsible Consumption & Production*

We look to substantially reduce waste generation through prevention, reduction, recycling and reuse.

**Indoor Air Quality**  
*UN Sustainability Goal:*  
*5 Life on Land*

Through design, Bronxx aims to improve the indoor air quality of its buildings to provide healthier places to work, shop and live.

**Safety of workers**  
*UN Sustainability Goal:*  
*8 Decent work and Economic Growth*

It is our responsibility as an employer to protect the rights and promote safe and secure working environments for all workers, including migrant workers on every job site.

**Transport**  
*UN Sustainability Goal:*  
*7 Affordable and Clean energy*

By selecting sites well connected to amenity, we are able to promote public transport, and provide provisions for cleaner forms of transport.

# Leadership team

The strength of the Bronxx Management team spans extensively across retail, commercial, residential, health, government and hospitality sectors.

Bronxx is proud to maintain end-to-end control of every project's quality, vision and outcomes. Our site and project ownership, partnership approach and processes combine to create a proven winning formula for all.

Today, we are Sutherland Shire's leading local placemaker, architect, developer and builder, thanks to our team's innate understanding of the local way of life. Tomorrow, we strive to be Australia's leading creator of high end lifestyle destinations.

We are selective in our project choices, ensuring each meets strict site, location, accessibility and lifestyle criteria. As a result of our experience, we deliver on time and on budget with uncompromising quality that is only possible with control from initial placemaking and planning to successful sales, marketing and post purchase customer care.

# Bronxx projects

Since its inception, Bronxx has successfully delivered multiple high end projects within Sydney. While our past focus has been on luxury residential apartments, our future pipeline diversifies our portfolio with masterplanned communities and lifestyle destinations that include grocery stores, restaurants, bars and hotels.
